

"Display units are the face of a machine. Color is an important aspect."

This is why we have released black models to the popular V9 series.

Select the either light gray or black to **give your equipment a unified and high-grade look.**

Black V9 Series Models

Black Model

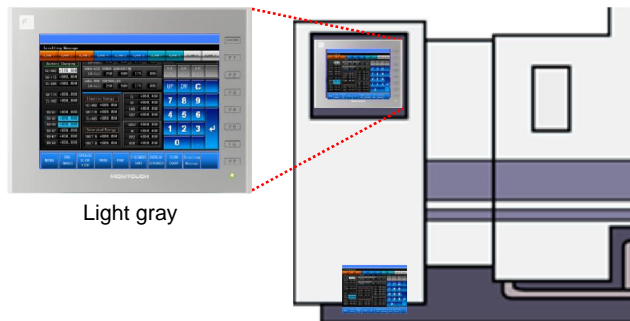

Newly Released

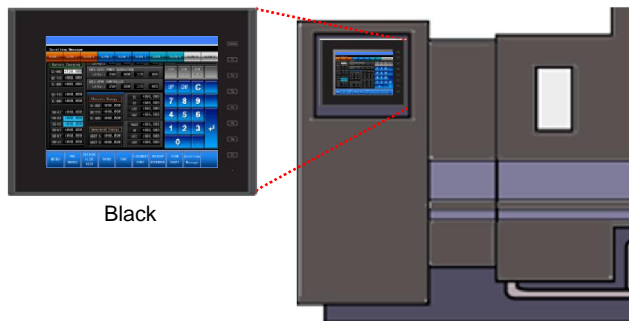

* Released for all V9 Standard (excluding 15-inch) and Lite models

Color Selection that Matches with the Overall Tone of Equipment

Light gray and black models are available, both of which can be combined naturally with all colors. Select the color of your choice to give your equipment a unified and high-grade look.

Light gray

Black

Renewed Logo Mark

A renewed logo mark is used starting from the black V9 series. Future models will all be applied this new mark.

* Models without the logo mark or function switches printed are also available. For details, please contact your local distributor.
