- Double-click the module (VSFTV5_Manual.exe) from step 4.
 Follow the procedures to update after the installer is started up.
 - * Close V-SFT-5 before the installation.
 - * Administrator authentication is required.

[Neither V-SFT-5 nor V-SFT-6 installed]

Please purchase DVD-ROM of V-SFT-6.

(The update module from our website is only for the update. It cannot be used for installation.)

* However, if you have CD-ROM/DVD-ROM for configuration software "V-SFT" or "UG00S-CW", you may be able to update to "V-SFT-5".

The installation procedure differs depending on the OS of your PC and the version of your CD-ROM/DVD-ROM.

For the detailed procedure for installation, see the <u>"Update procedure for the V-SFT</u> <u>CD-ROM Ver.5.4.18.0 or earlier</u>".
